

MONORAIL WIRE ROPE HOIST

Rocust industrial hoist with economical spares and lower total cost of ownership

- Premium quality, well-constructed and robust wire rope hoists.
- Designed to FEM and ISO standards.
- IP54 dual speed travelling motor with programmable VFD.
- Reliable IP54 dual speed lifting motor.
- M5 Duty cycle.
- IP54 Control panel with Schneider contactors.
- Pendant control and load limiter included with hoist.
- Lower total cost of ownership with economical spare parts pricing.
- Easy access to rope drum and rope guide for inspection and repair work.
- Control voltage 110V standard (option for 48v conversion)
